

# S.T.E.M WEEK

(SCIENCE, TECHNOLOGY, ENGINEERING, MATH)

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

All praises belong to Allah, the Lord of the Universe, and may He send Peace and Blessings on the best of creation, al-Mustafa  
(Peace and Blessings be upon him.)

## Snapshots of the week!

## Lets Recap

Assalamu Alaikum wa Rahmatullahi wa Baraakatuh. This week we explored science, technology, engineering, and math in the world around us and participated in science experiments, art, and design competitions. We learned about the scientific miracles included in the Holy Qur'an through Islamic Studies. Br. Farhad, our camp coordinator, also discussed how we must adopt characteristics of the prophet Muhammad sallallahu alaihi wasallam. Wednesday was our Science Day, where we experienced experiments like elephant toothpaste, lava lamps, and tower building. Some of the STEM art projects from this week included chromatography flowers, slime, and Oobleck. The youth camp visited both an archery circuit and a restaurant this week, while the other campers spent a day discovering the Ontario Science Centre.

**Our main takeaway from this week was to understand and appreciate the scientific processes around us.**

## Upcoming Fieldtrip

On Thursday, ages 9 and up will visit Canada's Wonderland, while those below 9 will go to a grand indoor playground. Trip information and forms will go out on Monday, inshaAllah. If you do not wish to send your child on a field trip, we will have counsellors at IIT to engage them in regular activities. We cannot ensure siblings will be placed in the same group during the trips.

Ensuring everyone has a safe & fun time at camp is very important to us. IIT Summer Camp is a nut-free zone. We are asking all parents to avoid items such as peanuts, cashews, hazelnuts, almonds, pistachios or anything containing nuts and seeds. Please also avoid sending items containing coconut and shrimp. If your child is in need of an EpiPen, please ensure they bring it every day and keep it with them at all times.
