6,000 Beneficiaries

Emergency Declared in Pakistan

The recent floods in Pakistan, caused by unprecedented monsoon rains, cloud bursts and river outflows, severely impacted multiple provinces. Areas in Punjab, like Muzaffargarh, Multan, and Narowal, were severely affected by riverine and hill-torrent flooding. Droplets of Mercy responded with emergency aid right away, delivering hot meals to displaced families.

These floods have been catastrophic, affecting millions and displacing thousands of families. According to NDMA and government assessments, the total estimated loss and damage was around US\$30.1 billion. Over 50,000 houses were either damaged or completely destroyed, and the disaster wiped out over 1.7 million hectares (4.4 million acres) of crops and killed over 1.1 million livestock. This has severely impacted agricultural livelihoods across the country, and in Punjab where Droplets of Mercy has been active.

Thank You IIT!

With support from IIT we were able to distribute a total of 6,000 meals.

Our distribution took place over 3 days (Sept 24-26), where 2,000 people benefited on a daily basis. We provided fresh hot meals, which included a main portion of chicken pulao.

The distribution was carried out at safe sites where flood survivors are staying, and was completed in coordination with local administration and volunteers.

We prioritized elders, women, and children.

As Droplets of Mercy, we proudly display the Islamic Institute of Toronto's logo on our banners and stickers at food distribution sites in Pakistan. This not only recognizes and appreciates your generous contribution but also strengthens your brand visibility within the community. By showcasing your support on the ground, we highlight the collective effort behind our work, ensuring transparency, accountability, and a clear connection between your donations and the impact they create.

\$15,000 Donated

Food Distribution

Highly appreciated and a source of relief. Given the widespread displacement and loss of livelihoods, the provision of a substantial, nutritious hot meal was a critical intervention.

Beneficiaries, often left without basic food and shelter, expressed their profound gratitude (Dua) for the timely and dignified support, signaling that the aid provided immediate, life-sustaining comfort during their crisis.

Faith-Inspired Impact

Our humanitarian aid work is guided by the Islamic teachings of caring for those in need.

The Qur'an states: 'And they give food in spite of love for it to the needy, the orphan, and the captive, [saying], We feed you only for the countenance of Allah. We wish not from you reward or gratitude.' (*Surah Al-Insan 76:8-9*).

Similarly, the Prophet Muhammad ﷺ emphasized the virtue of feeding others:

'The best of you are those who feed others.' (*Musnad Ahmad, Hadith 23408*).
